

ALL ABOUT MY FAMILY

Date assigned

Date Due:

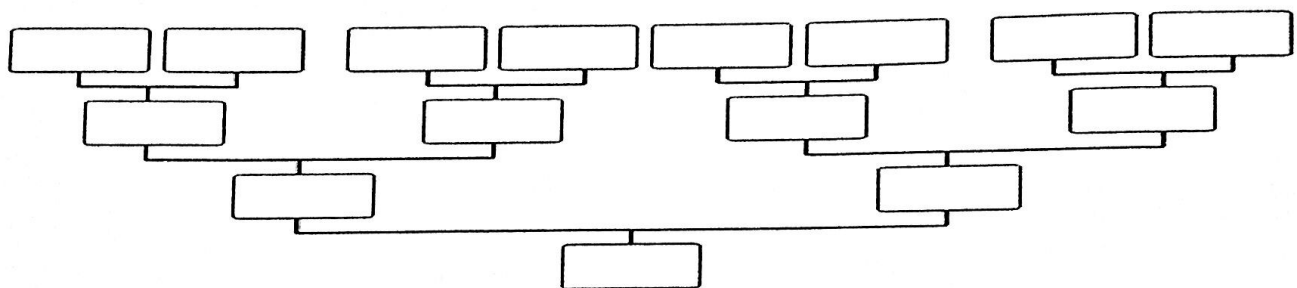

Goal: Identify and describe family members and relationships in Spanish.

Objective: Use family vocabulary to build your own family tree.

Activity: students have to identify and describe their family member and the relationship to them in Spanish, at least 15 family members. Based on relationship, they have to build their own family tree as shown below. They can customize it according to the size of their family. They have to write names and relationship in each square or pictures (optional).

They can use the website www.familyecho.com or any other program or any other type of document.

Type of document: Power point- Word Doc or Publisher or Google doc. To be submitted online through email

Example: You can do it in three different ways. Just pick up one way of use them with different family members.

Monica es mi madre
Ella es alta y simpática
Le gusta bailar

Mi padre es T'qwan
Él es inteligente y divertido
No le gusta el tenis

Mi hermana se llama Michelle
Ella es atlética y bonita
Le gusta la pizza

Please include at least mom, dad, brothers, sisters, aunts, uncles, grandparents and cousins. The rest of the members are optional. You have to have at least 15 sentences with family members and the relationship to you.

Rubric for Evaluation (10 points each)

1. I included at least 10-15 members of my family
2. I identify them by names and relationship to me
3. I included a family tree that reflects my family relationship to me.
4. I submit my project via online (e-mail) oleon@wcpss.net
5. I used basic sentences and vocabulary learned in class. I did not use online translators.
6. I wrote at least one character trait, I physical appearance, likes and dislikes, age, birthday, etc
7. I described the person at least in 03 sentences using the parameters mentioned.
8. I include pictures (optional and will not impact the grade negatively.)
9. I submitted my work on or before the due date.
10. I sent the family tree and the description of my family members same day.
